

URDANETA CITY UNIVERSITY FOSTERS TEAMWORK AND COLLABORATION THROUGH “THE POWER OF UNITY: ENHANCING TEAM COHESION” IN SUPPORT OF SDG 4

Demonstrating its commitment to **Sustainable Development Goal 4 (Quality Education)**, Urdaneta City University (UCU) launched “The Power of Unity: Enhancing Team Cohesion”, a team-building initiative designed to strengthen collaboration, trust, and communication among its administrative staff. The activity reflects UCU’s belief that a united and motivated workforce serves as the backbone of an effective and learner-centered institution.

The program emphasized the importance of **team synergy, open communication, and collective problem-solving** in achieving the university’s mission and vision. Through interactive activities and reflective sessions, participants learned how to foster mutual respect, strengthen interpersonal relationships, and embrace a shared sense of purpose. The initiative also aimed to develop a supportive workplace culture where every member feels **valued, understood, and empowered** to contribute meaningfully to institutional success.

By cultivating unity and teamwork among administrative staff, UCU enhances the efficiency and harmony of its operations—creating an environment where academic excellence can thrive. This aligns with the university’s broader goal of ensuring that its human resources are equipped with the professional and interpersonal competencies necessary to sustain quality education and institutional growth.

Through “The Power of Unity: Enhancing Team Cohesion,” **Urdaneta City University reaffirms its dedication to SDG 4**, promoting not only learning and skill development but also collaboration and inclusivity within its academic community. This initiative serves as a reminder that education is strengthened not only in classrooms but also through the cohesive efforts of every member working together toward shared goals.

MAKE SDG#4 A REALITY
