**NARRATIVE REPORT
LEADERSHIP CAPABILITY TRAINING
Cabaruan Barangay Council**

One of the objectives of the UCU – Center for Community Development and Extension Services is to assist its adopted barangays and extend technical support to the barangay council in enhancing their leadership skills and capabilities in public governance. A project proposal on "Leadership Capability Training" was prepared and approved whose objective is to a) Leverage the barangay official's leadership capacities, b) Help them enhance their leadership styles for more effective and efficient leadership, and c) Nurture in them their dedication, and commitment in carrying out their responsibilities and services to their community. The training was launched last March 22, 2022, and a simple culminating activity was made last June 17, 2022. The training was split up into four sessions with various topics and we have invited known speakers from the University who are well abreast on the given topics;

- Pastor Reydan V. Mayos - Values Formation
- Dr. Ryan Jayson V. Delos Reyes - Human Relations and Arts of Communication
- Prof. Eleuterio SC. Sison - Courtesy and Discipline
- Mdm. Monette S. Locquiao - Improving Positive Self-Esteem

On the topic of Values Formation, our speaker discussed the values of "Faith" of a person in his self, family, and community. Having strong faith in yourself will lead you to become a good leader in your own, your family, and in the environment where you work in, your community as a barangay official. The discussion instilled in the participants, that to become a good leader you should be a good example to your constituents spiritually and morally and put God first in all your activities. As per the result of the evaluation forms provided after the training, most participants responded that the topic was essential to them as leaders in the community. Godliness must always be practiced so that their family and community always emulate the good deeds leading to a peaceful community. The result of the evaluation has a rating of 5 or the participants have exceeded the training expectations.

The second training session was conducted last March 22, 2022, the topic was "Human Relations and Arts of Communication" with Dr. Ryan Jayson Delos Reyes. He emphasized that proper communication will lead to better human relations and effective leadership in the barangay. Giving a smile and proper gestures gives comfort and assurance to everyone that they are good and dedicated barangay leaders. The participants gave the training evaluation with excellent and relevant training for them.

The third topic was held last May 19, 2022, with Prof. Eleuterio SC. Sison as the speaker on "Courtesy and Discipline". The participants are participative and can relate to how the speaker emphasizes the courtesy and discipline of being a good leader and how to eliminate graft and corruption in the barangay governance. The speaker was unanimously rated with excellent delivery of his topics and participants learned a lot.

Last June 17, 2022, at 9:00 AM, the Leadership Capability Training ended with the fourth topic "Improving Positive Self-esteem" with Mdm. Monette S. Locquiao as the speaker. She emphasized to the participants that having positive self-esteem promotes the highest well-being of a person. Being a good leader is continuously affording yourself love, value, dignity, and respect. Having positive self-esteem is believing in your capacity as a good leader. Right after the training session, a simple graduation program was conducted and it was graced by our Acting

Vice President for Administrative Affairs, Dr. Raquel D. Pascua. The overall rating of the Leadership Capability training was excellent and the barangay officials were thankful to the UCU-Center for Community Development and Extension Services for the new learnings they have acquired. Barangay Captain John I. Rosario has extended his heartfelt gratitude for choosing their barangay as an adopted barangay of the UCU and providing such training which is very essential to them as community leaders.
