58<sup>th</sup> Nga Namnama Project with the theme "Kalusugan Pansarili: Mental, Emosyonal at Espiritwal Linanangin" year 3 conducted at Labit National High School with the grades 11 and 12 students as beneficiaries. The project is part of the 58<sup>th</sup> Founding Anniversary Celebration of the Urdaneta City University. The academic community will continue making a difference by elevating its perspectives towards a brighter future. Hence, the project "58<sup>th</sup> nga Namnama" was conceptualized to give opportunities for the youths to be given "namnama", a hope to hone their skills, knowledge, and aspirations in life as well as inculcate ethical conduct. As the Urdaneta City University, an agent of social change and reform, it is our paramount concern to extend our extension programs and services, which play essential roles in the community. With the support of the school principal Madam Nerissa C. Tabion, the activity was successfully delivered with the following speakers and topics:

- Father's Love Letter (Video Presentation and Discussion) - Rev. Christian Ian O. Bulac, Faculty, NSTP
- Improving Self-Esteem – Mdm. Monette S. Locquiao, Director PACC
- Team Building Activity - PACC staff
- Give Thanks to Those People who Help You – Dr. Jerry C. Dichoso
- Inspirational Message - Dr. Josephine S. Lambinicio

Welcome Remarks by Mdm. Nerissa C. Tabion, School Principal and Inspirational Message by Dr. Josephine S. Lambinicio, VP for Academic Affairs

Father's Love Letter – Video Presentation and Discussion with Rev. Christopher Ian O. Bulac

Leadership Capability Training session 4 at Labit National High School with the topic Leadership Skills of Youth of the 21<sup>st</sup> Century and Building a House team building activity with resource speaker Vilma L. Lapitan. After the session, a culminating activity and awarding of Certificate of Appreciation to Mdm. Nerissa Tabion and the Labit National High School Supreme Secondary Learner Government. The objective of the activity is for the students experience leadership and conflict management in pursuing a group project. Each group has a task as a leader, engineer, good followers, observers and sharer of ideas without action. A synthesis of the activity was conducted and each group shared their experiences such as lack of unity/teamwork, lack of time, group members have different ideas, lack of focus for they are not familiar with the task. The leadership skills for youth was discussed connecting the result of their experiences and they could come up with a good teamwork, understanding and supporting each member, and self-awareness.

Invocation led by one of the students and message by Dr. Jerry C. Dichoso

Team Building Activity “Building a House”, formed into 6 groups was given a task as leader, engineer, observers, good followers and giving advise without action
