

# COUNCIL OF LEADERS PROMOTES STUDENT ENGAGEMENT AND COMMUNITY SERVICE

Urdaneta City — The **Council of Leaders (COL)** of **Urdaneta City University (UCU)** continues to strengthen student involvement through a variety of activities that enhance learning beyond the classroom. These programs aim to develop leadership, collaboration, and civic responsibility among students while enriching their university experience. Beyond campus, the Council of Leaders also extends its service through **community outreach programs** that engage children and youth in educational and developmental activities. These initiatives reflect the council's commitment to applying student leadership in ways that make a meaningful impact on the broader community.

Aligned with **Sustainable Development Goal 16: Peace, Justice, and Strong Institutions**, the Council of Leaders exemplifies participatory and service-oriented governance—fostering responsible citizenship, empathy, and shared leadership within and beyond the university.

MAKE SDG#16 A REALITY

**16** PEACE, JUSTICE  
AND STRONG  
INSTITUTIONS
